NATURAL GAS PIPELINE WELDER

ABOUT USDI

Utility Safety and Design, Inc. (USDI – www.usdi.us) provides professional engineering and design, consultation, construction, and operational services for owners and operators of natural gas facilities, including transmission operators, municipalities, master meter operators, and local distribution companies. *We've built our reputation as a flexible partner.* Since 1969 we've served more than 350 systems across the Midwest – some with a single service, others as professional engineers, and still others as operator of record. USDI provides full-spectrum natural gas solutions through 1) up-front consultation, 2) strategic engineering and design, 3) affordable construction services, and 4) total operational support.

JOB SUMMARY & ESSENTIAL FUNCTIONS

USDI is seeking a Natural Gas Pipeline Welder to perform pipeline welding, construction services, and maintenance activities for owners and operators of natural gas facilities. The job will encompass various aspects of natural gas requirements, to include welding, construction, repairs, and field services such as leak surveys and valve inspections. Work is typically performed outside and must conform to the strict requirements of state and pipeline safety regulations and company procedures. The individual will be responsible for tasks including, but not limited to:

- Steel Welding and Polyethylene (PE) Fusion
- Pipeline construction, including service lines, mains, and intrastate transmission lines
- Assist in setting up new construction jobs and projects
- Assist other USDI offices, as needed, with construction projects and operating obligations
- Maintain Operator Qualification (OQ) certification including annual PE Fusion certification and semi Steel Welding qualification
- Maintenance of construction trucks and equipment
- Available for after-hour service calls, as needed
- Compliance records and documentation
- Interface with clients on a regular basis
- Understand, review, and comply with state and federal pipeline safety regulations
