NATURAL GAS CONSTRUCTION CREW MEMBER

JOB SUMMARY & ESSENTIAL FUNCTIONS

USDI is seeking a Natural Gas Pipeline Utility Person to perform pipeline operations, construction services, and maintenance activities for owners and operators of natural gas facilities. Work is typically performed outside and must conform to the strict requirements of state and pipeline safety regulations and company procedures. The individual will be responsible for tasks including, but not limited to:

- Pipeline construction, including service lines, mains, and intrastate transmission lines
- Assist in setting up new construction jobs and projects
- Assist other USDI offices, as needed, with construction projects and operating obligations
- Maintain Operator Qualification (OQ) certification
- Available for after-hour service calls, as needed
- Compliance records and documentation
- Interface with clients on a regular basis
- Understand, review, and comply with state and federal pipeline safety regulations

MINIMUM QUALIFICATIONS

- High School Diploma or Equivalent
- Utility, construction or welding, preferred
- Able to work independently and within a crew setting
- Able to work with minimal supervision or assistance from others
- Possess good written and verbal communication skills
- Physically prepared for hands on job tasks in all types of weather conditions
- Able to pass initial and continuous federally required Operator Qualification evaluations
- Able to effectively operate various company supplied equipment
- Willingness to travel, including overnight stays
- Maintain a positive work atmosphere through effective interactions and communications with co-workers, management, and clients
- Maintain a safe environment for co-workers, clients, and the public through adherence to established safety standards and timely reporting of potential hazards
- Must possess a valid driver's license and a good driving record
- Able to pass a background and driving check, employment history, and drug screening
- **Must maintain residence within 45 mile radius of Unionville, MO office**

ABOUT USDI

Utility Safety and Design, Inc. (USDI – www.usdi.us) provides professional engineering and design, consultation, construction, and operational services for owners and operators of natural gas facilities, including transmission operators, municipalities, master meter operators, and local distribution companies. Whatever your natural gas needs, USDI is your full-service partner. Since 1969 we've served more than 500 pipeline, master meter, municipal, and utility systems across the Midwest – some with a single service (such as leak surveys, cathodic protection surveys, regulator station inspections, and plan development and implementation), others as professional engineers, and still others as the operator of record. USDI provides full-spectrum natural gas solutions through 1) up-front consultation, 2) strategic engineering and design, 3) affordable construction services, and 4) total operational support.

BENEFITS

USDI offers an excellent benefit package and a salary that will be commensurate with the level of experience, skills, and ability possessed by the candidate. USDI benefits include the following:

- Medical Insurance
- Dental Insurance
- Vision Insurance
- Life Insurance
- Short and Long Term Disability Coverage
- 401(k) Retirement Savings Plan
- Paid Time Off (PTO)
